

NHentrance Garage Door Quote Checklist

Use this checklist to prepare your garage door project details. Providing complete information helps us deliver a same-day engineered quote with accurate drawings and recommendations.

1. Opening Measurements	Width x Height (W x H), lintel height, left/right jamb widths, interior depth.
2. Installation Style	Standard / Low headroom double track / Ultra-low headroom rear torsion.
3. Panel Options	Color, finger-safe or standard, Strengthen Strut reinforcement, windows.
4. Controls & Power	Voltage, operator type (manual/automatic), interlocks, safety devices.
5. Safety Features	Photo-eye, safety edge, anti-drop device, finger protection panels.
6. Delivery	Packaging (crate/carton), incoterms, target ship date, destination port.
7. Project Notes	Any special requirements, retrofit conditions, or site constraints.

■ Send this completed checklist to sales@nhentrance.com or WhatsApp **+8618762644620** to receive your engineered quote and DWG/PDF drawing the same day.
